

Invitation for consultation on a Danish technology neutral tender for wind and solar PV in 2018

The Danish Energy Agency will conduct tenders of price premiums for electricity from wind and solar PV in 2018-2019. The total budget of the tenders is DKK 1.015 billion. The Danish Energy Agency invites comments and questions on the draft conditions for the tender in 2018.

For the first time in Denmark, wind turbines and solar PV are asked to compete against each other in a technology neutral tendering procedure in 2018-2019. The Danish Energy Agency now invites comments and questions for the draft conditions for the technology neutral tendering procedure in 2018.

Comments and questions to the draft conditions for the tender should be sent to Sobia Waheed (sow@ens.dk) and vindogsoludbud@ens.dk by no later than Monday 29 January 2018 10 a.m.

Questions, comments and answers will be published on <https://ens.dk/en/our-services/current-tenders/tender-scheme-wind-and-solar-pv-2018-2019> .
