Official name: Energistyrelsen (Danish Energy Agency)

National registration number: 59778714

Postal address: Carsten Niebuhrs Gade 43

Town: Copenhagen

NUTS code: DK01 Hovedstaden

Postal code: 1577 København V

Country: Denmark

Contact person: Tina Schøn, Henrik Sulsbruck

E-mail: tnsn@ens.dk

Telephone: +45 31772831

Internet address(es):

Main address: <https://ens.dk/ansvarsomraader/ccs-fangst-og-lagring-af-co2>

Section II: Object

II.1) **Scope of the procurement**

II.1.1) **Title:**

Tender for Contract on subsidy for carbon capture, transport and storage

II.1.2) **Main CPV code**

90700000 Environmental services

II.1.3) **Type of contract**

Services

II.1.4) **Short description:**

With the Danish Climate Agreement for Energy and Industry of 22 June 2020, a majority of the Danish Parliament decided that carbon capture and storage is to be an important element in achieving Denmark's climate policy objectives. This prompted the setting up of technologically neutral and market-based funds (CCUS funds) of DKK 16 billion scheduled for deployment between 2024-2048. The funds are deployed in two phases. This tender concerns the first phase.

The DEA considers the deployment of funds for the first phase and conclusion of the contract to be a subsidy scheme encompassed by the European Commission's Guidelines on State aid for climate, environmental

protection and energy 2022. The designation of the contract as a services contract in section II.1.3) etc. does not change this. The competitive bidding process for the first phase will be conducted as a negotiated procedure in accordance with the rules and principles of section II of the Danish Public Procurement Act.

Section VI: Complementary information

VI.5) Date of dispatch of this notice:

01/07/2022

VI.6) Original notice reference

Notice number in the OJ S: [2022/S 111-312435](#)

Section VII: Changes

VII.1) Information to be changed or added

VII.1.2) Text to be corrected in the original notice

Section number: II.2.14)

Instead of:

Section II.1.5) and II.2.6): This is the maximum available subsidy for the entire duration of the Contract (subject to indexation). Section II.2.7): The Contract is expected to have a duration of approx. 20-21 years (240-252 months) of operation (in addition to the prior pre-construction and construction phases). Section II.2.9): Each candidate may only submit one application for prequalification.

Read:

Section II.1.5) and II.2.6): This is the maximum available subsidy for the entire duration of the Contract (subject to indexation). The subsidy is including VAT.

Section II.2.7): The Contract is expected to have a duration of approx. 20-21 years (240-252 months) of operation (in addition to the prior pre-construction and construction phases).

Section II.2.9): Each candidate may only submit one application for prequalification.

Read:

Date: 01/08/2022

Local time: 23:59

Section number: IV.2.3)

Instead of:

Date: 20/07/2022

Read:

Date: 12/08/2022

Section number: VI.3)

Instead of:

Questions regarding prequalification must be submitted not later than 23 June 2022.

Read:

Questions regarding prequalification must be submitted not later than 18 July 2022.

VII.2) Other additional information:

The DEA has received an indicative opinion (in Danish: "vejledende udtalelse") from the Danish Tax Energy Agency according to which the subsidy is subject to VAT. The correction in the contract notice is made to reflect

that the maximum available subsidy amount is including VAT. Please refer to the address stated in the contract notice, section I.3), for further information.

The DEA has prolonged the deadline for requests for participation until 1 August 2022 at 23:59 local time. Questions regarding prequalification must be submitted not later than 18 July 2022. The estimated date of dispatch of invitations to tender or to participate to selected candidates is 12 August 2022.
