Appendix – Formal Application Template for Access to Bathymetric Data (Nordsøen I - South)

On behalf of [Insert Name of Organization], we hereby request access to Energinet's high-resolution bathymetric dataset for the Nordsøen I - South offshore wind farm area.

Geographical Information for the Nordsøen I – South OWF:

Park	ID	X	Y
Nordsoen_I_South	0	423841.0906	6184188.3385
Nordsoen_I_South	1	410335.1843	6186426.0532
Nordsoen_I_South	2	405540.4341	6183609.5470
Nordsoen_I_South	3	400156.5803	6184082.2806
Nordsoen_I_South	4	400164.4089	6184580.0962
Nordsoen_I_South	5	400165.4148	6184654.1416
Nordsoen_I_South	6	397025.0935	6198757.0531
Nordsoen_I_South	7	424359.1607	6200168.4138
Nordsoen_I_South	8	424296.9086	6196495.5241
Nordsoen_I_South	9	427329.6844	6196446.1101
Nordsoen_I_South	10	427847.6539	6189099.6971
Nordsoen_I_South	11	427907.2515	6188672.3944
Nordsoen_I_South	12	423841.0906	6184188.3385

Table 1: Coordinates for Nordsøen I - South OWF with an 500m buffer in decimal degrees (DD) and CRS: ETRS89/UTM zone 32N.

Requested Data and Resolution:
[Insert Name of Organization] kindly request access to the following datasets collected by Energinet for the Nordsøen I - South Offshore Wind Farm, in the associated resolution levels:

- Geophysical site survey report (Raw data + 0.25m, 1m, and 5m grids)
- Integrated 3D geological model (5m grid)
- Export cable route survey report (Raw data + 0.25m, 1m, and 5m grids)

Purpose of Use:
The requested data will be used exclusively for the purpose of preparing a bid in connection with the upcoming offshore wind tender for the Nordsøen I - South Offshore Wind Farm. The request is made in accordance with the tender framework set out by the Danish Energy Agency and in pursuant of Section 7 of the Act on Geospatial Information.

Contact Information:

- Organization Name: [Insert]
- Contact Person: [Insert Name]
- Email: [Insert]
- Phone Number: [Insert]
- Address: [Insert]

The Danish Ministry of Defence has informed that only the contact person named in the application is authorized to retrieve the bathymetric data. However, as the company is thereby approved to handle the data, it may subsequently share the data internally with other duly designated staff within the organization.

Please confirm receipt of this request. Should additional documentation or clarification be required, we remain available to assist.
